

Educational Opportunity Bulletin

Your students are invited to observe life during 16th Century England by attending the 14th Annual Folsom Renaissance Faire. The event is dedicated to keeping this period of history alive through educational exhibits, craft displays and reenactments.

Please announce this bulletin to your history, drama and English departments. **Students will receive a discount (\$7 instead of the regular \$12 ticket price) when they communicate proof of assignment at the gate.** Teachers must outline a specific assignment to research at the fair. For example: observe the 16th century attire, identify specific characters present at the faire or identify crafts and trades from this era.

Folsom Renaissance Faire
